A History of Final Exercises at the University of Virginia

So astute was Mr. Jefferson in determining the basic educational policy for the University of Virginia that the policy has seen very little change in the University's 207-year history. The colorful ceremony you will see today, however, would not have been held under Thomas Jefferson's original plan, which did not provide for degrees and diplomas. Although the early students of the University were highly respected for their knowledge, some of them petitioned the Board of Visitors for diplomas to improve their opportunities for employment.

Out of deference to the founder, the Board took no action on these requests during Jefferson's lifetime, but fifteen months after his death, it changed the policy and directed that plans be laid for the first "Public Day" (commencement). In July 1829, the first Public Day was held in the Dome Room of the Rotunda. The program was very long, and it included orations by students. By 1848, the program began with a procession led by students and involved a single address by a prominent person.

Public Day was held in the Dome Room until the Rotunda annex was completed in 1853. It was then held in the public hall of the annex until the Rotunda and the annex burned in 1895. When Cabell Hall was completed in 1898, the Public Day programs were held in its auditorium. President Alderman's inauguration in 1905 brought about the more formal procession as seen today. It is now led by a faculty grand marshal.

When the McIntire Amphitheatre was completed in 1921, it became the site for the final exercises. A sudden drenching rainstorm disrupted the 1949 ceremony, sending the soaked graduates and guests into any shelter they could find. The threat of sudden storms and the increased number of graduates caused President Colgate Darden to declare that the 1952 ceremony would be the last to be held in the amphitheatre. Since then, Finals have been held on the Lawn except in bad weather.

Even when the ceremonies were held in the amphitheatre, the participants marched from the Rotunda, down the Lawn to the site of the ceremony. Students have long considered it a high privilege to have the opportunity to walk down the Lawn at Finals, and today's students place an even greater importance on this privilege. So important to many of them is the ceremonial walk down the Lawn, that a number of students, cheated out of a ceremony on the Lawn by bad weather, "confirm" their graduation by processing down the Lawn after Finals.

Through 1961, the president conferred the degrees and handed each recipient a diploma. By this time, graduates numbered in the thousands. The ceremony had become much too lengthy and the logistics too complex. Beginning in 1962 and continuing today, degrees are conferred in a main ceremony by the president. Degree recipients and their guests then reassemble later in school and department ceremonies.

The Academic Procession

The Procession

The academic procession is led by the grand marshal of the University bearing the official silver and ebony mace. Most of the processioners wear the academic costume accepted by a majority of the principal institutions of higher learning in the United States, though certain academic officials, such as the rector of the University, wear particular costumes indicative of current office. The processional order is listed below.

The Gown

The processional gown is usually black; the design of the sleeves denotes the type of degree being conferred. The bachelor's sleeve is long and pointed. The master's sleeve has squared ends, with the arc of a circle near the bottom and a slit for the arm near the elbow. The doctoral sleeve is bell-shaped with three velvet bars. The doctoral robe has full-length velvet panels in front, either black or a color that symbolizes the wearer's field of learning.

The Hood

A separate ornamental fold hangs down the back of the gown, and its lining carries the colors of the college or university granting the degree (for the University of Virginia, orange and blue). An outside band of velvet varies in width according to the degree: two inches for bachelor's degree, three for the master's, and five for the doctorate. The color of the band and other velvet on the doctoral hood symbolizes the field of learning (such as dark blue for philosophy). The length of the hood also varies with the level of the degree: bachelor's, three feet; master's, three and one-half feet; and doctorate, four feet. Bachelor's and master's degree candidates often do not wear their hoods.

The Cap

The cap is usually the black mortarboard, decorated with a tassel. Gold tassels may be worn by holders of doctoral degrees. Generally, the colors of the tassels represent the principal fields of learning and are described below.

Kenyon R. Bonner

Kenyon R. Bonner joined the University of Virginia as Vice President and Chief Student Affairs Officer on January 16, 2024. He previously served as Vice Provost for Student Affairs at the University of Pittsburgh, where he had served since 2004 in various, progressively responsible student support roles.

At UVA, Mr. Bonner leads a team of approximately 300 student affairs professionals to support undergraduate, graduate, and professional students through all aspects of the student experience. He oversees a diverse portfolio, including but not limited to Student Health and Wellness, Housing & Residence Life, the UVA Career Center, and areas reporting to the Dean of Students. Mr. Bonner and his staff also support student self-governance, partnering with student leaders involved in the Honor Committee, the University Judiciary Committee, Student Council, class and school councils, and hundreds of other student-led organizations. He and his team work closely with faculty and staff in the University's 12 schools and with academic partners across the UVA Grounds to ensure every UVA student has the support they need to thrive and get ready to shape the world.

Mr. Bonner began his own college journey at Washington and Jefferson College where he played basketball, served as a student leader, and earned a bachelor's degree in psychology and philosophy. He went on to receive his master's degree in rehabilitation counseling at Kent State University and his doctorate in higher education management at the University of Pennsylvania. His research interests include practices that promote student success, retention and graduation, belonging, and college student mental health.

Sherri B. Moore

Sherri B. Moore has served as Associate Professor of Commerce at the University of Virginia's McIntire School of Commerce since 2010, where she teaches Commercial Law and Business Law. She also teaches Constitutional Law at the Batten School of Leadership and Public Policy. A 1985 graduate of the University of Virginia's College of Arts & Sciences, Ms. Moore earned her bachelor's degree in government and foreign affairs before receiving her Juris Doctor (Order of the Barristers), from the University of Richmond School of Law. She practiced law for nearly two decades in the areas of civil litigation, corporate law and estate law before turning to teaching, holding adjunct appointments at the Darden School of Business and the School of Law before joining McIntire full time.

At McIntire, Ms. Moore is known for her introductory course in the U.S. legal system for non-lawyers, which surveys constitutional, civil, and criminal law along with torts, contracts, and property law. Her tech-free classroom, taught with chalk and conversation in a 300-person lecture hall, has become a hallmark of her teaching, as has her end-of-semester "Last Lecture," titled "Life Is Precious: Create a Good Day."

In 2021, Ms. Moore was honored with the University of Virginia's All-University Teaching Award, recognizing her commitment to excellence in the classroom and the profound support she has earned from her colleagues and students. The Cavalier Daily has described her as a "beloved commerce professor" and a "motivator for University students," and her course is regularly named among the must-take classes at the University.

The Good Old Song

That good old song of Wah-hoo-wah,

We'll sing it o'er and o'er;

It cheers our hearts and warms our blood

To hear them shout and roar.

We come from old Virginia

Where all is bright and gay;

Let's all join hands and give a yell

For the dear old UVA.

In support of the University's sustainability goals, the
Office of the President, in partnership with UVA Print, produced
the 2026 Finals Program to minimize use of natural resources by
funding reforestation projects through the Print Releaf program.
Thank you for recycling paper, bottles and cans while you are on Grounds.
